- Child safety lock
- Timer
- Main module: 142x90x58 mm
- Remote control: 105x55x22 mm
- Colors: black and wood

SAFETY

UKU is equipped with door sensor, overheating protection and child safety lock to ensure a safe sauna experience.

REMOTE CONTROL MOBILE APP

With HUUM mobile app you can heat your sauna comfortably from wherever you are.

MOBILE DATA

Thanks to the built-in GSM module, UKU remote control always has a secure mobile data connection and connectivity to the mobile app.

ABOUT THE MOBILE APP

HUUM mobile app allows you to choose the beginning and end time of the heating and set the desired temperature, no matter where you are.

Using the app is free for the first year and costs 29 €/year thereafter. The remote control can always be used also without the mobile app.

Annual fee includes the following:

- mobile application features
- mobile data
- secure server
- unlimited mobile application users
- application and remote control software updates

UKU Local

With the stylish UKU Local remote control sauna heating is easy and comfortable. UKU Local is made for on-site use and it is provided with door sensor, overheating protection and child safety lock.
